

## **Project Paragon**

### **Event Overview**

**Project Paragon** is a platform for students to showcase their innovative projects and solutions across various domains, including Artificial Intelligence, Data Science, IoT, Robotics, and more. The event is aimed at fostering creativity, technical skills, and presentation abilities among participants.

Participants will present their projects PPT in front of an esteemed panel of judges, industry professionals, and peers. The event will evaluate the projects based on their innovation, technical depth, societal impact, and presentation skills.

---
