- 1) BATTLEGROUNDS MOBILE INDIA (BGMI)**

BGMI (Battlegrounds Mobile India) is a multiplayer battle royale game that fosters essential skills like teamwork, communication, and strategic thinking. Players collaborate in squads, adapt to dynamic challenges, and make quick decisions, enhancing their problem-solving and leadership abilities. It also builds focus, patience, and time management, making it more than just entertainment—it's a platform for learning and personal growth. Hosting a BGMI tournament encourages collaboration, community building, and tech-savviness among students.
